## Start your career in the Travel Industry.

## Join our travel team.

**Online Vacation Center** has been in business since 1972, providing unprecedented cruise deals to savvy travelers. As one of the country's largest cruise retailers, we are able to negotiate exclusive rates and special extras you won't find anywhere else. Our dedicated team of Personal Vacation Managers helps to ensure fun and hassle-free travel experiences. We are proud to hold high producing agent status with every major cruise line.

**Dunhill Travel Deals** is a strong contender in the travel industry's booming email marketing sector, boasting more than 2.8 million opt-in U.S. subscribers and growing daily. Join the Dunhill Travel Deals team, and work directly with top names in the travel industry to create, publish, and manage e-newsletter and e-marketing campaigns, utilizing innovative technologies developed in-house. Dunhill Travel Deals clients include Royal Caribbean Cruises Ltd., Virgin Vacations, JetBlue Airways, Liberty Travel, and many more.

**Enrichment Journeys** was created to develop and operate unique itineraries that cannot be found anywhere else. We know value, so we carefully plan each river, ocean, or land itinerary and package it with airfare from a convenient gateway, local transfers, and multiple nights in four-star hotels. We also include great tours and knowledgeable local guides, which allow our clients to experience a destination in depth. The result is a seamless, all-inclusive vacation of remarkable experiences at extraordinary value, often at a fraction of the cost of comparable tours. We craft our style of enrichment with today's traveler in mind, a traveler who appreciates authenticity and looks beyond the obvious for insight, who knows that less is sometimes more and enjoys smaller, more intimate groups over larger gatherings; enriched, not only by travels but by memories of remarkable destinations and fascinating cultures.

## ONVC employees share their stories...

Entering the travel industry was not my anticipated career in high school or college, but I could not be happier with the direction I took in my life. The work environment at the office is extremely friendly and accommodating, and the perks of being in the industry are amazing. I've done more travel in the past year than I have in my entire life!

*Sophia, B.S. in Mathematics - ONVC Personal Vacation Manager*

Online Vacation Center is a wonderful organization, which I am proud to work for and represent. Its supportive and encouraging work environment allows you to feel self-assured within a fun and relaxing atmosphere. ONVC offers competitive benefits including inexpensive or complimentary travel opportunities. This is a great way to see the world, experience the tours we offer, make memories that last a lifetime, and gain valuable insight, so you can share your travel stories with confidence to our current and future guests. Great vacation experiences start with us. I think you, too, would be proud to work for ONVC, and I look forward to welcoming you *aboard* as you *embark* on your career journey. Bon voyage!

*Joey, B.S.B.A. in Management - Enrichment Journeys Personal Vacation Manager*

I studied International Business and was determined to enter the tourism industry after graduation. As a Personal Vacation Manager, I gained in-depth knowledge of the entire industry as opposed to working for a cruise line or hotel that only focuses on one sector. The following year, I applied for and was offered a Marketing Coordinator position creating brochures, sending promotional emails, and managing group contracts and rates with our suppliers. ONVC is a relatively small company, so it is easier to get to know your co-workers and be recognized for the work you do, and it has a much friendlier atmosphere than most large corporations I've worked for in the past. I have more vacation time (and discounts) than most of my friends and am glad to be working in such a fun industry.

*Chelsea, M.A. in International Business - ONVC Marketing Coordinator*

Deciding to join ONVC has proven to be the best career decision I've made. I'm a free spirit who loves adventure, a challenge, and most of all, traveling, and Dunhill Travel Deals, encompasses all of that plus more. I put my degree to use every day while doing something that I love. How perfect is that? I know all of the ins and outs of traveling, and with the great benefits and generous time off, I get to experience destinations and opportunities all around the world. Finding a job can be difficult, especially as an entry-level candidate, and I am extremely grateful I was able to join a great company offering growth opportunities, fair pay, excellent travel perks, and a learning environment immersed in talent.
